Graduates of New Zealand Certificate in Business Level 4 can apply for the Scheme within six months of course completion. A maximum of two business plans per calendar year will be funded.

SCHEME DETAILS

Aspiring students will submit a business plan to the scheme's committee for consideration. Selected students will have four weeks to complete their business plan. Consultation sessions and one-on-one mentoring will be provided. The Business Plan must be feasible, detailed and comprehensive.

**The Seed Fund is an investment in a Kiwi Entrepreneur's business. As an investor and shareholder Crown will receive dividends for a determined period and under defined conditions.*

A maximum \$20,000 will be invested. The total investment will not exceed 20% of total shares of the Entrepreneur's business.

International Students Only

When you decide to study at Crown Institute, you will have a variety of accommodation options to consider, with three popular choices being homestay, apartments and hostels.

Whether students prefer the camaraderie of student-centered living or the warmth and support of a host family, homestay, apartments and hostels offer valuable accommodation choices that cater to the diverse needs and preferences of international students.

HOMESTAY

Homestays offer a unique cultural experience, as students have the chance to live with a local host family. This option allows for a deeper immersion into the local lifestyle and customs, fostering cross-cultural understanding and language development.

You will experience local food and the 'Kiwi Culture'. We place students with local families to live with while studying at Crown Institute. The homestay family will show them how to get to school on their first day. As all our families live close to a bus stop, the commute is between 45-60 minutes by bus.

APARTMENTS

Apartments offer a dynamic and independent living environment, providing students with the opportunity to reside alongside fellow students in a shared or private apartment setting. These apartments often come equipped with essential amenities, creating a comfortable and convenient living space.

We offer a private single room with shared facilities. The apartments are within easy walking distance (5-10 minutes) to Crown Institute, the Britomart precinct, pubs, café's, entertainment, and all public transport. All rates include power and water. Wi-Fi fee is not included.

HOSTELS

Hostels are budget student accommodation. They are located in the heart of Auckland City, within an easy walking distance to Crown Institute. Many hostels offer a range of free weekly activities to students.

Please note that the homestays, apartments and hostels are not owned or operated by Crown Institute.

CODE OF PRACTICE

When students choose to pursue their studies in New Zealand, it is crucial for education providers to fulfil their significant obligation of keeping these students well-informed, safe, and properly looked after.

The Code of Practice serves as a comprehensive document that precisely delineates the legal obligations that education providers must adhere to when enrolling international students. At Crown, we prioritise the safeguarding of our students by diligently complying with all the stipulations outlined in the code. The full, legislative version is also available on the New Zealand Legislation website.

This booklet is based on current information available at time of publishing. Crown Institute of Studies do not take any responsibility or liability for any errors, omissions, or failure to update this information.

PUBLIC TRUST

The New Zealand Government requires all private training establishments registered with the New Zealand Qualifications Authority (NZQA) to have some form of protection for fees paid to them in advance. This is a student fee trust account which ensures that students receive a refund of the fees (or portion of fees) in case something happens to the provider due to closure, insolvency or loss of NZQA accreditation.

INSURANCE

During their time studying in New Zealand, it is mandatory for all international students to hold suitable medical and travel insurance. At Crown, we offer an exceptional insurance package called UniCare Insurance, which provides the necessary coverage for students, ensuring their wellbeing in unforeseen circumstances.
